

Prelude

This is one of the most important committees of the GSPCA. Committee members will be charged with gathering, assembly, and presenting information to future and current AKC Judges.

Education for judges is critical as it will affect breeding programs that are currently in place, and the direction for future breeders. GSP's are first and foremost a versatile breed. Judges can affect the breed's quality and versatility if not properly educated. The GSP standard must be protected, through education.
